

By decentralization to the strengthening of the Network of Women Against Violence: the improvement of services and the position of women who have survived male violence

During 2020, for the third year in a row, the Victimology Society of Serbia is coordinating the Belgrade region of the Women Against Violence Network (MŽPN) and the activities planned in the Belgrade region. The goal of the project is to increase the influence of the Women Against Violence Network on national and local policies through participation in decision-making, access to funds and implementation of activities.

The specific objectives of the project are:

1. Better recognition and greater influence of the SOS telephone as a leading service for women with experience of violence in Serbia on decision-makers.
2. Better position of members of the Network of Women Against Violence as service providers.
3. Increased efficiency and capacities of the Women Against Violence Network in order to form a common SOS line for women who have survived or are living in a situation of violence in Serbia.

VDS coordinates the Belgrade region, which consists of the following organizations: ASTRA, Athens, Autonomous Women's Center, Roma Center for Women and Children Daje, ...Iz kruga - Belgrade and Victimology Society of Serbia.
