

The study of trafficking in human beings in Serbia

In the period from May until November of 2003rd, in cooperation with the OSCE, a study entitled Human Trafficking in Serbia was conducted, the results of which were published in a book in Serbian and English early in the 2004th. From the beginning we have followed the case of trafficking in women in Belgrade (Zarubica and Savanović), and in order to increase the number of trained volunteers in this activity, on the 6th of December a one-day seminar for future observers trial for trafficking was held.
